Dear Sir:

In response to the Office Action mailed March 10, 1995, kindly amend the application as follows:

IN THE CLAIMS

Cancel Claim 97 without prejudice.

Add the following new claims:

104. The vehicle security system of Claim 95 wherein the operating apparatus is operable to perform a further function in addition to disarming said antitheft apparatus upon the second receipt and recognition of receiver signals corresponding to said signature control signal.

105. The vehicle security system of Claim 104 wherein said further function includes unlocking a vehicle access location lock.

106. The vehicle security system of Claim 95 further comprising apparatus for putting the system control unit in the programming mode without the use of the remote control transmitter code.
